PE Biofiltration Media

120.00 THB /set
minimum order : 500 sets

20 pcs. PE plate

stand

- Used for filtration application in pressured sand filter, carbon filter, softener tanks, etc. These nozzles are installed on strainer plate design and header lateral system for distribution and collection purpose.

4.00 THB /pc.
minimum order : 5,000 pcs.

- Lightweight construction
- Serves as the attachment basis for microorganisms
The spacing serves as the passage of water to provide enough room for bacterial growth
- Widely used in sanitary sewage and industrial water processing
